

PRECISION BALANCE "S" MODEL

TECHNICAL DATA

MODEL NO.	DWI-602S	DWI-1002S
Max Capacity	600g	1000g
Readability (acc.)	0.01g	
Repeatability	±0.01g	
Linearity	±0.02g	
Pan Size	110 ø	
Weighing Units	Mult weighing Units	
Power	DC9V or rechargeable battery	
Stabilization time	2 -3 sec	
Calibration	Automatic External Calibration	
Working Temp.	10°C - 40°C	
Tare Range	Full	

FEATURES :-

- Automatic External calibration
- Easy to read LCD Display with backlight
- Multifunction weighing unit as like g, ct, etc.
- Full tare Range up to max capacity of the balance
- Piece counting and GSM weighing units
- S.S. Weighing Pan, Level Indicator, Adjustable Fit
- In Built rechargeable battery for continuous use
- Zero Tracking function, Low Battery Indication

COMPACT BALANCE

FEATURES :-

- Automatic External calibration
- Easy to read LCD Display with backlight
- Space Saving and compact balance
- Simple Battery Operation (Six AA Size) with DC Adaptor
- Auto zero tracking, Low battery indication
