

SEMI MICRO BALANCE

FEATURES :-

- Automatic internal calibration with built in weight
- A built in under hook for below weighing system (optional)
- Easy to read LCD Display with back light
- Density measurement for solid and liquid (optional)
- Standard RS 232 C interface
- Based on E.M.F.C Technology
- S.S. Weighing Pan, Level Indicator, Adjustable Fit
- Full tare range up to max. Capacity of the Balance

TECHNICAL DATA

MODEL NO.	DWAI-265	DWAI-285
Max Capacity	60/220g	80/220g
Readability (acc.)	0.01/0.1mg	0.01/0.1mg
Tare Range	Full	
Repeatability	±0.03/0.1mg	
Linearity	±0.07/0.2mg	
Pan Size	85mm	
Stabilization time	6/4 sec	
Communication	Interface 2 x RS 232, Type A, Type B, USB Optional WiFi	
Calibration	Internal Calibration	
Weighing Units	Multi weighing Units	
Power	230V / 11V AC or 120V 11V AC	
Display	LCD DISPLAY WITH Back Light	
Working temperature	10°C-40°C	
Net weight & gross weight	5.6/8.3kg
